

Cookie Policy

This page explains what cookies and other similar technologies Rosa uses to improve your online experience and to help us to monitor and improve our websites, applications and services for future visitors.

“Rosa” is Rosa ASBL, a non-profit organization established at Cantersteen 10, 1000 Brussels, with enterprise number 0745.832.604.

This document is part of the [privacy policy of Rosa](#).

To communicate with Rosa about cookies and other similar technologies used on Rosa’s websites, please send an email to gdpr@rosa.be.

What is a Cookie?

A cookie is a small text file that is placed on your device when you visit a website or use a (mobile) application. Cookies and similar technologies can collect personal data about you and your browsing habits, such as your IP address, the URLs of sites you have visited before or after accessing the website and how long you have spent on a particular page or website.

There are two main categories of cookies:

- 1) **Strictly necessary and functional (preferences) cookies** (e.g. authenticating the user or remembering the user’s language preference). These cookies may be placed without the user’s consent as they enable a service or functionality expressly requested by the user to be provided. We also recommend that you do not disable these cookies so as not to lose basic website functionality or access to certain parts of the website or application.
- 2) **All other cookies such as analytics cookies** (e.g. how many visitors have been on a website) and **marketing cookies** (e.g. to show relevant advertisements to users). Rosa asks for the user’s consent before using such cookies.

Which Cookies do we use, why, is the data collected passed onto third parties and how long is the data collected kept for?
